

The Honorable Allen W. Dulles
2723 Q Street, NW
Washington, D. C. 20007

6 AUG 1966

Dear Allen:

Many of us who were honored to serve for so long under your leadership feel that we would like to give some lasting recognition to your unstinting efforts which resulted in the construction of our Headquarters building.

The consensus of a group of senior Agency officials is that a bas relief bust of you placed in the main entrance of the Headquarters building would be a most appropriate way to do this. This idea has been discussed with Mr. Heinz Warneke, and he has enthusiastically agreed to undertake the sculpturing.

I do hope that you will accept this honor which we wish to bestow upon you and that we may impose upon you to sit for Mr. Warneke a few times this fall.

With warm personal regards,

Cordially,

W. Richard Helms
